T. W. HOLDERNESS, ESQ., C.S.,
Offg. Secretary to the Government of India,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Revenue & Agricultural Dept.
Emigration.

CALCUTTA, the 18th January 1884.

SIR,

I AM directed to invite attention to Act XXI of 1883 (The Indian Emigration Act) which received the assent of His Excellency the Governor General in Council on the 18th December last, and has been promulgated in the *Gazette of India*.

2. The Act will not come into force, except as to the power to make rules, until such day as the Governor General in Council shall appoint by notification in the *Gazette of India* (Section 3). The exception in respect to the power to make rules, read in connection with Section 80 (2) and Section 81, is intended to enable rules for giving effect to the Act to be drafted and published for information and then to be finally sanctioned before the Act is actually brought into operation. It seems desirable that the Act should be brought into operation with as little delay as possible, and if this view commends itself to His Honour the Lieutenant-Governor of Bengal, I am to request that the subject of framing rules under the several clauses of Section 80 may be taken into consideration at an early date. It is understood that rules regulating the duties of recruiters and of registering officers are already being drawn up by Mr. Grierson, and that the Protector of Emigrants for the Port of Calcutta is engaged on a revision of the rules affecting emigrant-vessels. These two sets of rules will provide a large part of the machinery required to give proper effect to the Act, and it is the intention of the Government of India, on receiving the draft of them from the Government of Bengal, to communicate them to other Local Governments and ascertain to what extent these Governments would be prepared to adopt them or desire modifications appropriate to local circumstances. But besides registration and the regulation of sea-going vessels there are other matters for which rules are necessary before the Act can be put into force. Thus, for example, it

will be necessary for the Local Government to determine the officers who perform respectively the duties of Magistrate and of Registering Officer, and to decide what classes of Subordinate Magistrates and police officers should be authorised to supervise recruiters' depôts. I am therefore to request that the Act may be carefully examined with respect to the rule-making powers conferred by the various sections, and that the draft rules submitted to the Government of India may be, as far as possible, complete for the Province of Bengal.

3. Under Section 16, Clause (2) the Governor General in Council may define the local area to which the authority of any Protector of Emigrants shall extend. The Government of India would like to know to what territories outside the Province of Bengal His Honour the Lieutenant-Governor would recommend that the authority of the Protector of Emigrants for the Port of Calcutta should extend. And I am to suggest that a reference should previously be made to the Local Governments of the territories in question with a view of ascertaining their wishes.

4. As the policy of the Act has been repeatedly discussed and was also explained in the course of the Proceedings of the Legislative Council on the 14th December, no remarks on this subject appear to be required. I am, however, to ask what date or season of the year would, in His Honour the Lieutenant-Governor's opinion, be the most convenient for the introduction of the Act in supersession of the existing one.

I have the honour to be,

SIR,

Your most obedient servant,

T. W. HOLDERNESS,

Offg. Secretary to the Government of India.

STATEMENT OF OBJECTS AND REASONS.

THE main object of this Bill is to repeal Act V of 1877 (the Straits Settlements Emigration Act, 1877), which extends only to the Madras Presidency. It is dictated by the policy which recently led to the enactment of Act VII of 1883, (to repeal the British Burma Labour Law, 1876.) As in the case of Burma, it is found that there is a system of "free emigration" to the Straits which not only competes with, but altogether distances, the Government system for which Act V of 1877 provides. From the information before it, the Government of India is of opinion that that Act has impeded instead of promoting emigration, that labour flows as naturally to and from the Straits as it does between Burma and India, and that attempts to control its movement in British territory merely induce it to seek an outlet from the French ports of Pondicherry and Karikal. Such provisions as in the opinion of the Government are necessary for the protection and control of the Indian immigrant after his arrival in the Straits have been embodied in a revised Labour Regulation, which is now before the Straits legislature, and will, it is expected, shortly become law. Under these circumstances, the Government of India considers that emigration from India to the Straits should be uncontrolled by law in this country save as regards the requirements of the Native Passengers Ships Act.

2. The repeal of Act V of 1877 necessitates, however, an amendment of section 102 of Act XXI of 1883 (the Indian Emigration Act, 1883). The first sub-section of that section provides for the extension of Act V of 1877 to other parts of British India. As the Act is itself now being repealed, it is clear that this sub-section should be repealed also. The second and third sub-sections of that section give the Governor General in Council power by notification to include any of the protected Native States adjoining the Straits Settlements within the scope of any law relating to emigration to those Settlements, and exempt, on and from the date of any such notification, emigration to the protected State specified therein from the operation of Act XXI of 1883. Though there will no longer be any special law relating to emigration to the Straits, it is deemed desirable to retain the power, which these sub-sections confer, of exempting emigration to the protected States from Act XXI of 1883. A new section has therefore been substituted by section 2 of the Bill for section 102 of Act XXI of 1883 empowering the Governor General in Council to exempt emigration to the protected States from that Act whenever he considers such exemption to be desirable.

The 25th September, 1884.

S. C. BAYLEY.

BILL

TO

Repeal the Straits Settlements Emigration Act, 1877, and to amend the Indian Emigration Act, 1883.

V of 1877. XXI of 1883. WHEREAS it is expedient to repeal the Straits Settlements Emigration Act, 1877, and to amend the Indian Emigration Act, 1883, in manner hereinafter appearing; It is hereby enacted as follows:—

V of 1877. **1.** The Straits Settlements Emigration Act, 1877, is repealed.

XXI of 1883. New section substituted for section 102 of Act XXI of 1883. **2.** For section 102 of the Indian Emigration Act, 1883, the following section shall be substituted:—

Power for Governor General in Council to exempt emigration to Native States adjoining the Straits Settlements from Act.

"102. On and from such a date as the Governor General in Council may, by notification in the *Gazette of India*, fix in this behalf, a Native of India who departs by sea out of British India under an agreement to labour for hire in any protected Native State adjoining the Straits Settlements to which the notification refers shall not be deemed to emigrate within the meaning of this Act."

attended

Extract from the Proceedings of the Honourable the President of the Council of India in Council in the Financial Department,—No. 1778, under date the 8th December 1843.

READ the following minute by the Right Honourable the Governor General, dated the 8th ultimo, on the subject of the mode of bringing before the Government of India all fresh expenditure requiring its sanction proposed or incurred by the Governments of the subordinate Presidencies:

Minute by the Governor General, dated the 8th November 1843.

WE are constantly in the habit of receiving applications from individual officers and Boards and Governments for augmentations of salaries and allowances, for the increase of establishments for the creation of new offices to be held by covenanted servants and for many other new things all represented as necessary or very expedient, and many of them perhaps being so, but all involving an increase of public charge.

In each particular case the charge may be small; and, because it is so, it is frequently sanctioned, that new charge alone being at the time taken into view; but together these many small charges form an aggregate charge of great extent, which continually increasing must very seriously affect the result of the financial administration. It is rare indeed that reductions of charge are proposed to us. When we direct a careful revision of establishment and of all charges with a view to reduction, the report is almost uniformly the same that no reduction or a very insignificant reduction can be safely effected.

Thus the diminution of charge, unless when directly made by ourselves, being very small, and the increase of charge continual, the ultimate result, were this course persisted in, must necessarily be very serious financial embarrassment, notwithstanding the present prosperity of the revenue.

The defect in the existing system is that these small new charges are brought before us one by one, and each being small in itself their aggregate amount is not adverted to. Again they come before us frequently as charges already sanctioned subject to our confirmation, and there is always a disposition not to disturb that which is already done.

Further we have not brought before us from time to time at one view the result of what we have been doing and of what others have been doing; we see all bit by bit, and have no general knowledge.

In order to apply the necessary reform to this system, which is certainly in practice productive of much public injury, it seems expedient to place a restraint, first upon those by whom new charges are now incurred, subject to our confirmation or sanction, and secondly upon ourselves. It seems desirable to prohibit the incurring of any new charge except in a case of emergency without our previous sanction; and instead of having the new charges proposed brought before us for decision every week to have every new charge, together with the grounds on which it may be proposed, submitted in the first instance to the Financial Secretary, who should at the end of every month, or of every two or three months, present a tabular statement of all the new charges proposed classed under the heads of the several Departments and Governments with a column for the reasons supporting each proposition, and another for remarks thereon by the Secretary. An abstract of the increase and diminution of charge in each of the preceding periods from the commencement of each year should be attached, and also a general abstract of such increase and diminution in the preceding year.

To these it would always be right to append the account of the two preceding years and the estimate of the current year of all receipts and charges.

Thus in deciding upon all propositions for adding to the public charge we should have before us the whole state of our finances, and see how far, that being considered, we were at liberty to make the proposed increase even where there might be some apparent benefit to be derived from the measure proposed.

RESOLUTION.—Fully concurring in the above views, the President in Council resolves that measures be immediately taken for concentrating in the Financial Department for periodical submission to the

Council of India the whole of the applications from whatever Government or of whatever Department for increase or alteration of salaries or establishments or for fresh expenditure of every description requiring the sanction of the Government of India.

The Resolution of the Government of India dated 12th January 1842 by which it was rendered incumbent on the Local Governments to submit regularly for sanction or confirmation a monthly statement of proposed additions to establishments is hereby so far superseded that the Governments of Bengal, the North-Western Provinces, Madras and Bombay will be instructed to refrain altogether from authorizing any fresh expenditure whatever having reference to salaries, gratuities or allowance, in anticipation of the sanction of the Government of India, excepting only in cases of the utmost emergency which are forthwith to be specially reported; and in order to secure uniformity of practice, and thereby to simplify detail which Government will be required to forward its application in every Department to the Secretary to the Government of India of the Department concerned monthly on the 1st of each month, drawn out in or accompanied by the same form (Form A hereunto annexed), it shall be incumbent on the Secretary to the Government of India, on the receipt of these applications, to record on the form accompanying them any observations his experience may suggest, and, without placing them before the Council of India, to forward them forthwith, accompanied by such documents on record in his office as may serve to elucidate the questions they comprise, to the Financial Department whence, when the applications from the whole of India shall be collected together, they shall be submitted in a condensed shape for the final orders of the Council of India.

These orders will be communicated immediately to the Department concerned by the return to it of the forms in which they will be entered for re-transmission to the Government whence the applications originated.

It will be the duty of the Secretary to the Government of India in the Financial Department in placing the applications before the Council of India to accompany any remarks he may desire to offer thereon, with an abstract statement of the financial position of the Department of the Government concerned for the previous three years, and a memorandum of the actual increase or decrease of charge sanctioned in the same Department during the course of the current and the preceding year.

The course of proceeding prescribed in regard to application from the subordinate Governments is equally applicable to the several Departments of the Government of India in cases of increase or alteration of charge occurring in respect to salaries or establishments under their immediate control; each Department will be pleased to forward its proposition for increase, decrease or alteration of charge in the same Form A to the Financial Department for submission to the Council of India.

The President in Council desires it to be understood that the system now laid down is to be observed in regard to all fresh expenditure or alteration of expenditure, whether permanent or temporary, having reference to salaries, gratuities and allowances,—all expenditure in

Section 50, Act 3 and 4 William IV. Cap. 85.

short of whatever presidency or branch of the public service requiring the saction of the Government of India.

ORDER.—Ordered, that a copy of the Minute of the Governor General and of this Resolution be transmitted to the several subordinate Governments and to the Departments noted in the margin, with a view to its being carried into effect from the 1st proximo in respect to all expenditure requiring the sanction of the Government of India.

Foreign Department, Home Department, and Military Department.

A letter from the Secretary to the Government of Bengal, No. 77, dated the 22nd ultimo, suggesting an alteration as per margin in the Form of the Statement prescribed by the Resolution of the Government of India in this Department, dated the 8th December 1843, so as to contrast existing with proposed scales of charge.

RESOLUTION.—The President in Council sees no objection to the alteration proposed, especially as it is calculated to secure the exhibition of fuller information relative to modifications of establishments submitted for sanction than is afforded by the existing Form. He is accordingly pleased to sanction the adoption of the accompanying modified Form of Statement in lieu of that now in use.

ORDER.—Ordered that a copy of this Resolution, together with the revised Form, be forwarded to the Departments noted in the margin, and a copy of the revised Form sent to the Governments of Agra, Madras and Bombay for their information and guidance.

Foreign.
Home.
Military.

Ordered also that a copy of the revised Form be sent to the Government of Bengal in reply to the letter from that Government.

To the Secretary to the Govt. of India
Home Dept.

Sir,

I am submitting for the favourable consideration & early sanction of the Govt. of India, the accompanying tabular Statement providing for the entertainment from the 1st instant of a clerk and Calculator for this Office on Rs 200 or Rs 225 per mensem, or Rs 2700 per annum, to be met from the Contingent Budget.

— I have the honor, by desire of the Acting Chief Comr, to make the following observations

The work devolving on the individual in question consists in checking Estimates, keeping up books of Registry, and preparing periodical Statements in connection with the

Comy Civil Budget; and his
appointment having been found
to be absolutely necessary, the
Staff of Comy was expended
to provide for the same in
the Budget of 1876-77.
This, however, through oversight
not having been done, the
Supt now states that the
mail pay can be met
from Genl Savings under
Provincial Services.

I have &c

All communications should be addressed to the Secretary

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

Establishment.

General.

Simla 2nd November 1876.

The following is forwarded to the Chief Commr of Mysore in reply to correspondence ending with his Secretary's No 12 E G of 4th July 1876. —

By Order,

W. Lumpsden

Under Secretary to Govt

No 3074.

Government of India.

Financial Department

Simla the 30th October 1876.

Read the following papers relative to the appointment of a clerk on 25 Rs per mensem from 1st April 1876 for the office of the Chief Commissioner of Coorg in the Public Works Department

Letter from the Chief Commissioner

t of India No 15088 G of the 2nd Nov. 76, con-
ding copy of Resolution by the Financial Dept,
ctioning the appointment of a Clerk on Rs 25
r mensem, ~~from 1st~~ for the Office of Secy. D.P.W.
work in connection with the Coorg Civil Budget.

---

eg respectfully to ~~submit~~ recommend the following
rangements for the favorable consideration
sanction of the Secretary.

Calcutta on Rs 25 for Coorg Civil Budget.

, to recommend a C. Ramaswamy-Thumby Naidu,
has kept. He was at present District Fund
Clerk-ship, he was appointed on the 20. June 76,
probation, on Rs 15 per mensem, the pay of
t post being Rs 25. The man has charge
the Coorg Civil Budget Registers of sanctions,
ppropriations &c., which work he thoroughly under-
tands, and performs satisfactorily. In addition
o this, he ~~has~~ is very useful in the correct
~~ion~~ of the Budget, the bulk of the copying work being
done by him & Rajah Thumby Naidu. Ramaswa
y has appointment on probation in June 76, he
was a Volunteer for 2 years, during which
period he had charge of the Coorg Civil Budget
Registers &c, and got no commission for doing
the work.

Dist Trust Fund Calculation - Rs 25. The post
will become vacant by the retirement of Ramaswamy
Naidu, as above proposed, and [illegible]

recommend that it be given to Abdul Suffar, Imperial Clerk, on Rs 20, who has now been 6 years in the Office, having been appointed on the 8th Nov. 1870. I find from the correspondence connected with the Dt Fund Sept. that he was recommended by Col: Sankey, for an increase of pay of Rs 25, from Dt Funds, which Mr Dalyell, late Chief Com., declined to sanction. Since I joined this Office, I have had this man employed in arranging the records, and what he is doing satisfactorily. He writes a fair hand, and though slow, is very accurate in his work.

Imperial Clerk — Rs 20 — I beg to recommend Mr. Sibborn for this post. He is at present temporary Clerk in the Registration Office on Rs 15 per month, and his temporary appt. will cease on the 31st January 1877. He is a rapid, fair, and intelligent writer. Previous to his appointment as temporary Clerk on the 11th July 1876, he was a Volunteer in the Registration Office for 5 months, and it was in consideration of the great assistance he rendered on the current branch during this period that Mr Sibborn was allowed to fill the temporary post. Mr Sibborn holds two Certificates from the School in which he studied, — they are submitted herewith. W. Dr. Clerk 13/11/76.

Proceedings of the Chief Commissioner of Coorg, (Financial),—dated 13th June 1882.

From the Secretary to the Chief Commissioner of Coorg, To the Secretary to the Government of India, Home Department, No. 49—6, dated Bangalore, 5th April 1882.

I am directed by the Chief Commissioner of Coorg to forward a proposition statement* providing for the revision of the pay of officials in Coorg belonging to the Taluk establishments, from those of the Talukdar class (the Subedars) down to the ministerial officials of the Subedars, offices.

* Copy sent to Comptroller General for verification of present scale columns and for submission direct to the Government of India

2. The inevitable growth of establishments and of the pay of officials which must follow the increase of revenue and the spread of cultivation and growth of new industries has affected Coorg, in the introduction and expansion of special departments such as those of Education, Public Works and Forests, and a change has recently been effected in the pay of the chief local officer, the Commissioner of Coorg, and his 1st Assistant; but the Chief Commissioner believes that he is correct in saying that the pay of Subedars, of their lieutenants the Parpattegars, and of the subordinate Revenue and Magisterial establishment generally remains as it was fixed on the assumption of Coorg by the British in 1834.

3. The circumstances of the country have meanwhile vastly altered and its revenue has immensely increased. It is only necessary to instance the introduction of coffee planting, which now brings in a revenue of Rs. 1,43,681, from the acreage rate, an industry which employs according to the recent census, about 150 Europeans besides many natives whose number cannot be so accurately stated, owing to many of them following other pursuits as well, and one which is carried on in 47,250 acres of cultivated land, without computing the probable acreage of *kâne* or grazing land which is cultivated in coffee. It is only necessary to cite this one instance to show how completely the revenue work of Coorg has been revolutionized

4. Almost all Subedars and the great majority of all the subordinate servants are drawn from the Coorg class They are land-holders, and they covet the Government appointments which they hold, not so much for the pay which they bring, as for the social status which they confer. This is a condition of things which tends to make them content, it is true, with small pay; but at the same time it renders it impossible to insist on a public servant's whole time and energy being given to his work, and it necessitates a low standard of efficiency, with which with the advances now being made in education in Coorg it is no longer necessary that Government should be contented. Nor is it at all probable that, in the present conditions of service and pay, it will be possible any longer to obtain Coorgs for Government service who are either among the foremost of their fellows, or are capable of doing the work which office calls for efficiently. Moreover at the time when these rates of pay were fixed the duties of these officials were very light, so that a Coorg valued the status which such employ gave him, and could attend to his own personal affairs and perform also the duties of his office Now the condition of the Province, and the requirements of improved administration, Judicial and Revenue, are entirely changed; and the heavy work and responsibility imposed on each official, leave him little or no leisure for his personal concerns. Perquisites of office too, which custom formerly recognized, are now strictly prohibited, making it difficult if not impossible for a Coorg to support himself from his pay only.

5. Such being the case the necessity of a revision of pay has long presented itself and has been forcibly urged on, the Chief Commissioner who would in any case have moved the Government of India to a consideration of the question. His position is fortunately rendered more easy by the receipt of the Home Department Resolution No. 68—2021, dated the 15th December 1881, on the emoluments of the uncovenanted officers. The grades admissible for the Talukdar class are laid down in para 27, and are stated to be Rs 250, 200, 175, 150 and 100 The necessity for a change in Coorg will be at once recognized when it is stated that Subedars are paid Rs. 80, 70, 60 and 50. Other officials have been paid at corresponding low rates Parpattegars, some of whom are Magistrates and some of whom exercise small Civil powers, draw Rs 25, 20, 18 and 12 Taluk Sheristadars who are the responsible officers of account in the taluk offices draw Rs. 22, 20, 19 and 18. Taluk Gumastas and Munshis get such pay as Rs. 10, 12 and 15, and Shanbhogs, who are not as in Mysore village accountants, but are the accountants of Nads, or sub-divisions of taluks, and as such have not only on occasions the charge of considerable sums of money, but have often the means in their power of misdirecting the revenue, draw pittances varying from Rs. 6 to Rs 10 a month. The revision of the pay of the Subedars, it must be admitted, if the same principles which hold good in the rest of India are not to be declared inapplicable to Coorg, is a necessity, and from that follows as a necessary consequence the revision of the pay of the other officials above specified.

6. For the Subedars the Chief Commissioner has adopted the second case given in para 27 of the resolution above cited with a maximum pay of Rs. 200 and a minimum of Rs. 100, and following as closely the proportion therein given to be observed between the number of appointments in the several grades, while recollecting at the same time the very radical change that is being recommended and the large advance of which it holds out a prospect in the position of the officials, the Chief Commissioner proposes that out of the 8 Subedars in Coorg there should be one in the first grade at Rs. 200, two in the second on Rs. 175, three in the third on Rs. 150 and two in the fourth on Rs. 100. The total monthly pay of the Subedars which is now Rs. 490 will be raised to Rs. 1,200.

7. There are, I am to explain, 6 Taluks in Coorg each having a Subedar with Magisterial, and sometimes with Civil jurisdiction, and there are two Towns, Mercara and Virarajendrapet, with Subedars in each, whose functions when the new scheme is introduced may be closely assimilated to those of Munsiffs, though it is neither necessary nor even advisable to change the well known designation of Subedar.

8. The officers appointed to the post of Subedar will naturally be expected to devote their whole time to an office which will be adequately paid; and a higher level of efficiency can be confidently expected though it may not at once be attained; indeed it may be difficult at once to fill the places in the sanctioned pay and it may be found prudent to introduce the change somewhat gradually. It has also been suggested that under the new scheme these and other officers should be prohibited from selling land; but, in accordance with the views of the Government of India, as expressed in Home Department Resolution No. 11—436-37, dated 12th March 1881, on this subject in connection with the Native Civil Service, and the more especially looking to the jealousy with which men of Coorg race endeavour to retain offices in Coorg among themselves, the pride with which they cling to the land of their country, and the claims which they have established by loyalty and good behaviour on the Government, it is in the Chief Commissioner's opinion especially desirable that the predilections of the Coorgs should in this respect be humoured, and then it becomes only just that men of other race who may find equal employment among the Coorgs should be placed in an equal footing. Sir James Gordon therefore proposes to make it the general rule for the uncovenanted service in Coorg, including ministerial as well as executive officers, that lands actually in a man's possession when he enters the service may be held, and that he may retain land which may come into his possession thereafter by inheritance, gift or devise, provided that full information in respect of such land shall be given to the Commissioner of Coorg, but that the previous sanction of the Commissioner of Coorg shall be necessary to any fresh purchase, and the Chief Commissioner or the Commissioner of Coorg may always consider whether the fact of an officer holding any particular lands need be a bar to his employment in the taluk where these are situated. Considerations affecting the possession of land will always be understood to be in themselves a sufficient reason for the transfer of a Subedar or other officer.

9. The next officer in importance to the Subedar is the Parpattegar, of whom there are 24. Some of these have Magisterial powers and in the opinion of the Judicial Commissioner no man whose pay is not higher than Rs. 40 a month should exercise such powers. The maximum pay of a Parpattegar is at present Rs 25. Sir James Gordon now proposes to divide the Parpattegars into four classes paid at Rs. 60, 45, 35 and 25. There will be 4 in the first class, 6 in the second, 10 in the 3rd and 4 in the fourth. It will seldom be necessary, the Chief Commissioner hopes, to confer Magisterial powers on any below the first class, and never on any below the second; and though Rs. 60 a month is extremely low pay for an officer exercising Magisterial powers five out of eight Subedars now get no more, and it will be the pay under the new scheme of men who are expecting promotion to much better appointments instead of, as now, the emoluments of those who have all but reached the top of the tree.

10. Into the details of the other appointments now proposed it is unnecessary to enter fully. Only in the case of Record-keepers has the Chief Commissioner proposed any increase to the strength of the establishment, and the fact that only two out of the six taluks was furnished with a Record-keeper will at once be an exemplification of the insufficiency of the present strength, and a justification of the proposed change. For the rest the Chief Commissioner proposes rates which his own experience, and the opinion of those most qualified to judge, lead him to hope will be sufficient, while he is assured that they are certainly not extravagant.

11. The total annual increase involved in these proposals is Rs. 24,528. The present cost is Rs. 20,352, and the fact that the adoption of the revised scheme will more than double that cost but emphasises the crying need there is for revision, when the proposed rates are compared with what exist elsewhere rather than what have been permitted to continue in Coorg.

Proceedings of the Chief Commissioner of Coorg, (Financial),—dated 13th June 1882.

12. In conclusion I am to ask that early sanction may be given to these proposals, and that the increased rates of pay sanctioned may be permitted to have effect from 1st April 1882, the beginning of the financial year, in which the increased rates will be introduced.

From the Secretary to the Government of India Home Department, To the Chief Commissioner of Coorg,—Establishment, No 237, dated Simla, the 26th May 1882.

I am directed to acknowledge the receipt of your letter No. 40—6, dated the 5th ultimo, submitting proposals for revising the pay of the Taluk establishments in Coorg.

2 In reply I am to say that while admitting the inadequacy of the general scale of pay assigned to taluk officials in Coorg, the Governor General in Council is not convinced that so large a proportional increase as that recommended is required. Having regard to the anxiety with which natives of Coorg are stated to covet Government appointments, and to the importance of the concession proposed in paragraph 8 of your letter in the matter of the retention and acquisition of land, His Excellency in Council considers that an increase on a somewhat smaller scale than that recommended will suffice in the case of Subedars and Paipattegars. The Government of India are therefore of opinion that instead of fixing the pay of the Subedars at Rs. 200, 175, 150, and 100, it may be fixed at Rs 150, 125, 100, and 75 Similarly the pay of the Paipattegars will be graded at Rs. 50, 40, 30 and 25 instead of at Rs. 60, 45, 35 and 25 as proposed. The numbers in the different grades have also been revised by the Government of India in the Financial Department so as to secure more regular promotion.

3. Subject to the above modifications, and with the omission of an additional assistant Paipattegar and a Judicial Gumasta, for whose entertainment no reasons are assigned, the Governor General in Council accepts and sanctions your proposals The scale of salaries, as sanctioned, is shown in the tabular statement herewith forwarded It is understood that you will satisfy yourself that only thoroughly efficient officers are allowed to benefit by the new rates of pay.

4 With reference to the recommendation made in the concluding paragraph of your letter, I am to add that there appears to the Governor General in Council no sufficient reason for giving retrospective effect to the increased rates now sanctioned.

Proceedings of the Chief Commissioner of Coorg,
(Financial),—dated 13th June 1882.

No. 516—145, DATED BANALORE, 13TH JUNE 1882.

ORDER THEREON.—The Chief Commissioner observes that it will not be expedient to raise at once the pay of existing incumbents in the Taluk establishments of Coorg to the sanctioned rates. Regard must be had to each individual officer, and the Commissioner of Coorg must carefully weigh each case. The opportunity should be taken for carefully reviewing the present service, giving the increase only to deserving men amongst the Coorgs, and even importing, where necessary to fill a vacancy, fit men from outside, but only, it must be borne in mind, when fit Coorgs cannot be found.

2. The Commissioner of Coorg will specially report, for the approval of the Chief Commissioner, what appointments he proposes to make to the office of Subedar, if any change is proposed in existing incumbents. But existing incumbents must be maintained in office, both as Subedars and in the inferior grades, unless they are entitled to pension. They will only, however, receive the increased allowances when they deserve the advancement.

3. It will be observed that a Judicial Gumasta has been struck out by the Government of India; this is apparently a mistake, for there was no additional Gumasta proposed, but an additional Deputy Mutsaddi However, as the latter has been sanctioned, it may suffice. The Commissioner of Coorg can however address this Office on the subject if necessary.

H. WYLIE,
Secretary.

To—The Commissioner of Coorg.

Orders relative to the proposals sanctioned by the Government of India for revising the pay of Subedars and other subordinate Revenue and Magisterial officials in Coorg.

Mysore Govt. Press, Bangalore.—22-6-82.—30.

Coorg Chief Commr's Office,
Bangalore 5th April 1882

No 44

To
The Secy to the Govt of India
Home Dept.

Sir

I am directed by the Chief Comr. of Coorg to forward a proposition* Statement providing for the revision of the pay of officials in Coorg belonging to the Taluk establishments, from those of the Sheristadar class (the Subedars) down to the ministerial officials of the Subedars offices

2 The inevitable growth of establishments and of the pay of officials which must follow the increase of revenue and the spread of cultivation and growth of new industries has affected Coorg, as the introduction and expansion of special departments such as those of education, Public Works and Forests, and a change has recently been effected in the pay of the

BBG
31/3

Chief Local Officer, the Commissioner of Coorg, and his first assistant, but the Chief Comr. believes that he is correct in saying that the pay of Subedars, of their Lieutenants the Parpattigars, and of the subordinate revenue and magisterial establishment generally remains as it was fixed on the assumption of Coorg by the British in 1834.

3. The circumstances of the Country have meanwhile vastly altered and its revenue has immensely increased. It is only necessary to instance the introduction of Coffee planting, which now brings in a revenue of Rs 143,684 from the acreage rate, an industry which employs, according to the recent census, about 150 Europeans besides ~~managers~~ managers, ~~assistants~~ assistants, natives whose number cannot be so accurately stated, owing to many of them following other pursuits as well, and one which is carried on in 47250 acres of cultivated land

land, without computing the probable acreage of base or grazing land which is cultivated in coffee. It is only necessary to cite this one instance to show how completely the revenue work of Coorg has been reorganized. Almost all the subordinate servants are drawn from the Coorg class. They are landholders, and they want the government appointments which they hold, not so much for the pay which they bring, as for the social status which they confer. This is a condition of things such as tends to make them content, it is true, with small pay; but it renders the same time, it is impossible to insist on a public servant's whole time and energy being given to his work, or it to maintain a low standard of efficiency, which with the increases now being made in emoluments on Coorg, it

1111

no longer necessary that Government should be imminent. Nor do it at all probable that, in the present conditions of service and pay, it will be possible any longer to obtain Corps for Government service who are either among the foremost of their fellows, or are capable of doing the work which office called for efficiently.

5 Such being the case the necessity of a revision of pay has long presented itself and has been forcibly urged on the Chief Comm. who would in any case have moved the Govt of India to a consideration of the question. His position is fortunately rendered more easy by the receipt of the Home Dept Resolution No $\frac{\text{E.B.}}{2024}$ dated the 15th December 1881, with enclosures of the Memorandum of the Commander in Chief's proposals. The grades admissible for the Zahsildari Class are laid down in para 27, and are stated to be Rs 250, 200 175 150 and 125. The necessity

Moreover at the time when these rates of pay were fixed the duties of these officials were very light so that a Collector could state which such Tahsildar gave bonds, & could collect to his own personal aid & perform also the duties of his office. Since the Settlement of the Provinces, & regular mode of procedure determined by Rules, & Standard Orders issued, the Tahsildar's work is responsible, & proved on such officers have been killed in civil for his personal conduct. Forgeries of Officers in which customs have recognized are now prohibited, rendering difficult if not impossible for a Collector to withhold from his pay or

necessity for a change in Coorg will be at once recog-
nized when it is stated that
Subedars are paid Rs 30, 70,
00, and 50. Other officials
have been paid at corres-
ponding low rates. Parpat-
tigars, some of whom are
magistrates & some of whom
exercise small civil
powers, draw Rs 25, 20, 15
and 12. Taluk Shirastadars
who are the responsible
officers of account in the
taluk offices draw Rs 22, 20
19 and 18. Taluk gumastas
and munshis get such
pay as Rs 10, 12 and 15
and Kanbogues, who
are not as in Mysore vil-
lage accountants, but are
the accountants of Nads, or
subdivisions of talukes, and
as such have nothing on
reasoning the charge of con-
siderable sums of money,
but have also in many

in their power & misdirecting the revenue draw pittances varying from Rs 5 to Rs 10 a month. The reversion of the pay of the Subedars, it must be admitted, if the same principles which hold good in the rest of India are not to be accounted unsuitable to Corg, is a necessity, and from that follows as a necessary consequence the reversion of the pay of the other grades above specified.

6 For the Subedars the Chief Comr. has adopted the second case given in para 27 of the resolution above cited with a maximum pay of Rs 200 and a minimum of Rs 100, and following as closely the proportion therein given to be observed between the

Jemadars

number of appointments
in the several grades,
while recollecting at the
same time the very radical
change that is being re-
commended and the large
advance which it holds
out a prospect in the
opinion of the Officials, the
Int Commtt. proposes that
out of the 8 subedars in
Coorg there should be one
in the first grade at Rs 200
two in the second on Rs 175
3 in the third on Rs 150 and
two in the fourth on Rs 100
The total monthly pay
of the subedars which is
now Rs 790 will be raised
to Rs 1200.

7. There are Jamedar-
Cutcherry Clerk & talukes in
Coorg each having a subadar
with magisterial, and
sometimes with Civil
jurisdiction under them
are two towns, Mercara
and Virarajendra pet

with Subedars in each,
whose functions when
the new scheme is intro-
duced can be closely as-
similated to those of
Munsiffs, though it is
hardly necessary nor
advisable to change the
well known designation
of Subedar.

8 The officers appointed to
the post of Subedar will
naturally be expected
to devote their whole time
to an office which will be
adequately paid; and
a higher level of efficiency
can be confidently ex-
pected though it may not
at once be attained; in
fact it may be difficult
at once to fill the places
on the Sanctioned pay
and it may be found
prudent to introduce
the change somewhat
gradually. It has also
been

been suggested that under the new scheme these and other Races should be prohibited from acquiring land, but, in accordance with the views of the Govt of India as expressed in Home Dept Resolⁿ No 11 / 286-37 of 12 March 1881 on this subject in connection with the Native Civil service, and the more especially looking to the jealousy with which each of Coorg race endeavours to retain Races in Coorg among themselves, the pride with which they cling to the land of their country, and the claim which they have established by virtue of good behaviour on the part of the Coorgs themselves in this respect is honoured, and then it becomes only just that men of other race who may find equal employment among the Coorgs should be placed on an equal footing for purchase of land in Coorg

proposes to make it the
general rule for the
encumbered estates in
Corg, including minis-
terial as well as executive
Officers, that lands actually
in a native possession when
he enters the service may be
held, and that he may retain
land which may come into
his possession hereafter
by inheritance, gift or devise
provided that full in-
formation in respect of such
land shall be given to the
Commr. of Corg, but that the
previous sanction of the
Commr. of Corg shall be
necessary to any fresh
purchase, and the Chief Sec.
or the Comd. of Corg may al-
ways consider whether the
fact of an officer holding
any particular lands
would be a bar to his employ-
ment in the taluk where
they are situated. Consider-
ations affecting the possession
of lands will always be
understood

understood to be in them-
selves a sufficient reason
for the transfer of a subadar
or Subr. Major.

9. The next officer in im-
portance to the Subadar is
the Parpattegar, of whom
there are 24. Some of these have
magisterial powers and
in the Provinces of the Judicial
Comm. no man whose pay
is not higher than R40 a
month should exercise such
powers. The maximum
pay for a parpattegar
is at present Rs 25. Sir
James Cuvier now proposes
to divide the Parpat-
tegars into 4 classes paid
at Rs 60, 45, 35 and 25.
There will be 4 in the first
class, 6 in the second, 10 in
the 3d and 4 in the fourth.
It will seldom be necessary,
the Chf Comr hopes, to confer
magisterial powers on any
below the first class, and
never on any below the
second, and though R60 a
month is extremely low pay
for a magisterial

magisterial powers [redacted] first act of Eight Subedars will get no more, and it will be the pay under the new scheme of men who are expecting promotion to much better appointments instead of, as now, the emoluments of those who have all but reached the top of the tree.

2. Into the details of the other appointments now proposed it is unnecessary to enter fully. Only in the case of Record keepers has the Chief Com.r proposed any increase to the strength of the establishment, and the fact that only two out of the six talukas would furnish with a record keeper will at once be an exemplification of the insufficiency of the present strength, and a justification of the proposed change. For the rest the Chief Com.r proposes rates which his own

own experience, and the opinion of those most qualified to judge lead him to ~~conclude~~ hope will be sufficient, while he is assured that they are certainly not extravagant

11. The total annual increase involved in these proposals is Rs 24,~~74~~528. The present cost is Rs 20,352, and the fact that the adoption of the revised scheme will more than double that cost but emphasises the crying need there is for revision, when the proposed rates are compared with what exist elsewhere rather than what have been permitted to continue in force.

conclusion

am to ask that early sanction may be given these proposals, & that the increased rates may sanctioned may permitted to have effect from 1st April 21, the beginning the financial year which the increased rates will be introduced.

Interim proposals for
fixing the pay of Inferior
and other subordinate
Revenue and Magisterial
Officials in Coorg

Draft submitted for C.-G.'s
approval.

25/3 82 This draft is
accord with my
verbally expressed
the Secretary. It
approved. The
tabular statement, should
be filled in as

letter & Statements sent
to the Govt of India. See
that the figures & calcula-
tions in the Proposal &
Statements be correctly
before despatch. [illegible]
when reference to the
Finance Accounts should
be accurate, care should
be taken - not to apply it
always generally
It is to be Expected that
at once to raise the pay
of existing Incumbents
to the same scale as
Regard must be had to
each individual Officer
& Manner of Coorg must
cases, & may weigh such
cases. The opportunity
should be taken for
consolidating & reducing the
present Revenue - giving
only
Pay in proportion to deserving
and not the longest
Service, & importing fit men
from outside, when fit
Coorgs cannot be found.

WG 31/3.

The pay should
be increased by [illegible]

9. The next officer in importance to the Subedar is the Parpattiagar, of whom there are 24. Some of them have magisterial powers; and in the opinion of the Judicial Commissioner no man whose pay is not higher than Rs. 40 a month should exercise such powers. The maximum pay of a Parpattiagar is at present Rs. 25. Sir James Gordon now proposes to divide the Parpattiagars into four classes, paid at Rs. 60, 45, 35, and 25. There will be four in the 1st class, six in the 2nd, ten in the 3rd, and four in the 4th. It will seldom be necessary, the Chief Commissioner hopes, to confer magisterial powers on any below the 1st class, and never on any below the 2nd; and though Rs. 60 a month is extremely low pay for an officer exercising magisterial powers, five out of eight Subedar now get no more, and it will be the pay, under the new scheme, of men who are expecting promotion to much better appointments, instead of as now the emoluments of those who have all but reached the top of the tree.

10. Into the details of the other appointments now proposed it is unnecessary to enter fully. Only in the case of record-keepers has the Chief Commissioner proposed any increase to the strength of the establishment; and the fact that only two out of the six taluks were furnished with a record-keeper, will at once be an exemplification of the insufficiency of the present strength and a justification of the proposed change. For the rest, the Chief Commissioner proposes rates which his own experience and the opinion of those most qualified to judge led him to hope will be sufficient, while he is assured that they are certainly not extravagant.

11. The total annual increase involved in these proposals is Rs. 24,528; the present cost is Rs. 20,352: and the fact that the adoption of the revised scheme will more than double that cost but emphasises the crying need there is for revision, when the proposed rates are compared with what exist elsewhere, rather than what have been permitted to continue in Coorg.

12. In conclusion, I am to ask that early sanction may be given to these proposals, and that the increased rates of pay sanctioned may be permitted to have effect from 1st April 1882, the beginning of the financial year, in which the increased rates will be introduced.

FROM

C. A. Mackenzie Esquire,

Secretary to the Government of India,

To

The Chief Commissioner of Coorg

Home Department

Establishments

Simla, the *May* 1882.

SIR,

I am directed to acknowledge the receipt of your letter No. 649-6, dated the 6th instant, submitting proposals for revising the pay of the taluk establishments in Coorg.

2 In reply I am to say that, while admitting the inadequacy of the general scale of pay assigned to taluk officials in Coorg, the Governor General in Council is not convinced that so large a proportional increase as that recommended is required. Having regard to the remoteness with which stations in Coorg are stated to be connected with Government establishments, and to the importance of the conversion proposed in paragraph 5 of your letter, in the matter of the retention

Home Department.
Establishments.

Simla, the May 1882.

Sir,

I am directed to acknowledge the receipt of your letter No. 1849-6, dated the 6th ultimo, submitting proposals for revising the pay of the taluk establishments in Coorg.

2. In reply I am to say that, while admitting the inadequacy of the general scale of pay assigned to taluk officials in Coorg, the Governor General in Council is not convinced that so large a proportional increase as that recommended is required. Having regard to the intensely wild nature of Coorg and to the small Government establishments, and to the importance of the concession proposed in paragraph 5 of your letter, in the matter of the retention

and

and regulation of land, His Excellency in Council considers that an increase on a somewhat smaller scale than that recommended will suffice in the case of Subedars and Jarpattigars. The Government of India are therefore of opinion that instead of fixing the pay of the Subedars at Rs.200, 175, 150, and 100, it may be fixed at Rs.150, 125, 100, and 75. Similarly the pay of the Jarpattigars will be graded at Rs.50, 40, 30 and 25, instead of at Rs.60, 45, 35 and 25, as proposed. The numbers in the different grades have also been revised by the Government of India in the Financial Department so as to secure more regular promotion.

Subject to the above modifications, and with the omission of an additional Assistant Jarpattigar and a Judicial Gumastah, for whose entertainment no reasons are assigned, the Governor General in Council accepts and sanctions your proposals. The scale of salaries, as sanctioned, is shown in the tabular statement herewith forwarded. It is understood that you will satisfy yourself that only thoroughly efficient officers are

allowed

allowed to benefit by the new rates of pay.

4. With reference to the recommendation made in the concluding paragraph of your letter, I am to add that there appears to the Governor General in Council no sufficient reason for giving retrospective effect to the increased rates now sanctioned.

I have the honour to be

Sir

Your most obedient Servant

A Mudaliyar

Coorg Commissioner's Office,
Dated 2nd August 1882.

From,

The Commissioner

of Coorg.

To,

The Secretary to the

Chief Commissioner of Coorg,

Bangalore.

Sir,

Adverting to para 3 of the Chief Commissioner's printed proceedings No. 511/1882 of the 13th June 1882 forwarding letter from the Secretary to the Government of India Home Department No. 237 of the 31st May 1882 sanctioning the proposed increase to the pay of the Civil Officers in Coorg, I have the honour to direct to report that an additional Civil Gunmakker on Rs 15 per mensem was provided in the proposition submitted for the Irregular Steam Launch Establishment in view to the establishment being placed on the same footing as that of the Steam Launch of the Navy Establishment, and on account of the heavy pressure of work which often found claim on the efficiency of Civil

by the Deputy Amildar now allowed.

2 The number of suits filed in that Court last year was as many as 1470 and during the first half of the current year they have reached 373, besides execution cases

3 I avail myself of this opportunity to represent that through an oversight a Chanbagam on Rs 15 - was omitted to be provided for each of the two Assistant Parpattygars. Their services are needed for the preparation of the various accounts of the two outlying Hobs of Vidapanakal & Sembaji

4. Further an increase of pay requires to be given to the Circle Sheroffs, as although their duties are of an important nature, they receive now only the pay of a Peon from Rs 5 to Rs 8 - which is inadequate for their maintenance, especially in expensive places such as Mercara and Virajendrapett. I propose that the Sheroffs of the four most important Talukshould receive Rs 15 - each, and the remaining four Rs 12 - per mensem This includes an additional Sheroff needed for the

Town Subedar of Mercara, also provision
requires to be made for a Gella on Rd ... for
the Yedanalknad Taluk where the disburse
ments are very large, chiefly on account
of Public Works and the Forest Department.

5 Estimate statement for
these additional charges is herewith sub-
mitted. They are much needed to complete
the steps taken to secure efficiency in the
Taluk establishments.

I have the honor to be
Sir
Your most obedient

RECEIVED

Commissioner

No 333

From

J. C. Turner Esquire,
Under Secy. to the Govt of India,

To

The Chief Commissioner
of Coorg.

Dated Simla the 1st September 1882.

Sir,

Re Establishments

I am directed to acknowledge the receipt of your letter No 1038/58, dated the 24th ultimo, in which you solicit sanction to the retention of the services of the Gumashta on Rs 15 a month for the Virajendrapet Subedars Court, whose appointment is said to have been disallowed by the Government of India in sanctioning certain proposals in connection with the revision of the Judicial and Revenue Establishment of Taluks and Villages in Coorg, submitted with your letter No 49-6, dated the 5th April 1882.

2. In reply, I am to say that a reference to the Tabular Statement which accompanied the letter from this office No 237, dated the 26th May 1882, shows that the Gumashta whose appointment was

disallowed was the Additional Gunnerlah
in 1815, provided for Trabandeefiel, for
whose entertainment no reason was given.
I am to add that it was not intended to
reduce the number of Gunnerlahs at
Virajenderafiel.

I have the honor to be
Sir
Your most obed.t Servant

F. Dundas

No 350

From

T. C. Dawkes Esquire,
Under Secy. to the Govt of India,

To

The Chief Commissioner
of Coorg

Fort St. George the 1 October 1882

Home Dept
Establishments

Sir,

I am directed to acknowledge the receipt of your letter No 1057 dated the 29th ultimo, in which you solicit sanction to the retention of the establishment of an additional Judicial Gumashta, on Rs 15/ per month, in the Criminal Sessions Subadar's Court, which was disallowed by the Government of India in the letter from this Department No 1237, dated the 26th of May last.

2 In reply, I am to explain that in the tabular statement which accompanied your letter No 149-6 dated the 5th April 1882 the scale of Judicial Gumashta

Gumastahs for Mahadeopet and Vera-
jendrapet was given as follows.-

Present scale			Proposed scale.		
		Rs.			Rs.
1 Head Amlahdar	Mahadeopet	15.	1 Head Amlahdar	Mahadeopet	25
1 Deputy — do.	— do.	12.	1 Deputy — do.	— do.	20
1 Gumastah	Verajendrapet	10.	1 Gumastah	— do.	15
1 Head Amlahdar	"	25	1 Head Amlahdar	Verajendrapet	25
1 Gumastah	"	10.	1 Deputy	— do.	20
			1 Gumastah	— do.	15

It will thus be seen that the mistaken
assumption that the additional gumastah
required was for Mahadeopet was due to
an error in the proposition statement
submitted with your letter of the 5th April
last above quoted.

3. I am to add that on a con-
sideration of the reasons urged in your
letter No 1030-58 dated the 21st August 1882
the Governor General in Council is pleased
to sanction an additional gumastah for
the Verajendrapet Subedar's Court on Rs 15
a month. The scale of Judicial
gumastahs for Mahadeopet and Vera-
jendrapet will therefore stand as shown
in paragraph 2 above under the head
proposed

"proposed scale."

Public Works Department letter No. 20 A.—G., dated 17th January 1884, to Secretary to Government, North-Western Provinces and Oudh, P. W. Dept.

RESOLUTION.—The procedure at present in force, under which the sanction to an annual repair estimate expires at the close of the official year, has been represented as causing inconvenience to the Executive Branch of the Department; involving, as it frequently does, the preparation of two estimates and two completion reports instead of one for each work. In the case of estimates for collection of metal, and maintenance estimates generally, it would no doubt be convenient to allow them to remain current during the working season instead of lapsing in the middle of it. On the other hand, there is much in favor of the present system so far as it concerns the allotment of funds, and the regulation of gross expenditure, and any change in the present procedure would, in all probability, cause considerable inconvenience, in the first instance, to Superintending Engineers. The Government of India will, however, be glad to consider any proposal which would tend to relieve Executive Engineers of Office work, without impairing financial control, and in this view the opinions of Local Governments and Administrations are invited whether any change in the direction suggested with regard to the preparation of maintenance estimates is desirable, and how far the Code rules on this subject are susceptible of improvement.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

" " from " " " 504 " 19th August 1870.

RESOLUTION.

MANY of the provisions made in this important enactment have not yet been brought into operation, pending the promulgation of rules under section 34, and the establishment of suitable work-houses in the several Presidencies and Provinces. All the Local Governments and Administrations having now replied to the circular of the 30th September 1869, the Governor General in Council proceeds to consider the several proposals made by them, and to lay down a set of rules for the guidance of Officers in the administration of the Act. These rules, like many of the proposals made, occasionally deal with points which it would ordinarily have fully been within the competence of the Local Governments and authorities to decide; but as it is very desirable to secure

uniformity in the mode of dealing with European vagrants in the different parts of the country, the same rules should be made generally applicable throughout India.

2. The Governments of Madras and Bengal propose the immediate introduction of those sections of the Act which require to be especially extended by the Governor General in Council. This will be done by Notification in the *Gazette of India*. The other Local Governments and Administrations will, at the same time, be requested to report when they wish such extension to be made in the territories under their respective control.

3. Some of the Local Governments have applied for sanction to the construction of work-houses for the reception of vagrants. But the Governor General in Council does not consider it right to incur any expense on this account until the necessity for it shall have been proved by practical experience. The Governments of Madras and Bengal, it is understood, propose to declare the Strangers' Home and the Presidency Jail, respectively, to be work-houses under the Act, and the Chief Commissioners of the Central Provinces and British Burmah propose to certify a portion of every Central Jail to be so. These proposals are sanctioned, and the Governor General in Council trusts that the other Local Governments and Administrations will consider the propriety of making similar inexpensive arrangements for carrying out this provision of the Act.

4. The rules proposed by the Government of Madras for the management of its work-house are approved. The rules submitted by the Government of Bombay, however, appear to have been framed in view of a new building being provided for a work-house in that Presidency. As, however, such a course is not thought advisable at present, the rules would seem accordingly to require revision on this point.

5. It is competent to the Local Governments to appoint Governors and Committees of Management for the superintendence and control of work-houses, His Excellency in Council would only suggest that it will probably be found the best arrangement to make the Superintendent and Visitors of the Central Jails the Governor and Committee of Management where such Jails, or parts of them, are declared to be work-houses under the Act.

6. A question has been raised as to whether a person, one of whose parents is a European, American or Australian, and the other not, comes within the designation of "European-extraction" employed in the Act. On a perusal of the papers connected with the passing of the law, it seems evident that the term "European extraction" was intended to have a very wide signification. In order to remove every doubt on the point, and to make it clearly understood by all the authorities concerned, a rule has been framed defining the actual scope of the term for the purposes of the Act.

7. The Government of the North-Western Provinces is of opinion that none but European or Eurasian Police Officers should have power under section 4 of the Vagrancy Act to require a vagrant to go before a Police Magistrate or Justice of the Peace, as the action of a Native Police Officer might lead to unnecessary altercation and violence. There may, however, be Districts without any European or Eurasian Police Officer under the District Superintendent, or without any such Officer at all, and the proposed restriction would materially prejudice the operation of the Act in such Districts. Having regard to all the circumstances of the case, the best plan seems to be to rule that, when conveniently practicable, European or Eurasian Officers should be employed in preference to Native Officers for the arrest and custody of vagrants.

8. The Chief Commissioner of British Burmah proposes that the head men of villages, who are entrusted with certain police duties in that Province, should have the power of a Police Officer under section 4. But as the other authorities do not consider such a provision required, His Excellency in Council does not think it desirable to make in this respect a special ruling for British Burmah.

9. Although the intention of the law appears to be sufficiently clear, yet, inasmuch as it does not definitively prescribe what course a Police Officer should adopt in the event of a vagrant refusing to comply when required by the Officer to accompany him to the nearest Police Magistrate or Justice of the Peace, it seems desirable to settle this point in the rules under section 34 and to define the powers of the Police in such cases. Similarly, no procedure is specifically laid down in the law for bringing before a Magistrate a vagrant found begging for alms (section 23). The Governor General is of opinion that action may properly be taken under section 4 in respect of such vagrants. But a rule has been framed in order to make both points clear.

10. The Judicial Commissioner of Oudh suggests that the number of Constables that will form the guard, when a vagrant is conveyed to a work-house, may be authoritatively laid down, as well as the rate at which, and the means by which, the journey should be performed. But these are strictly departmental matters which can very well be left to the local authorities to determine.

11. Some of the authorities consulted are of opinion that the subsistence allowance to be given under section 8, should not be made over to the vagrants, but should remain in the hands of the Police, and the Governor General in Council considers it desirable to guard against any misapplication of the money by placing a suitable restriction over the vagrant's disposal of it.

12. It is of great importance to prevent any heedless exercise of the power of granting certificates under section 9. The Governments of Madras and Bengal have both alluded to the possibility of abuse in this respect. A rule has accordingly been framed, prescribing the condition under which such certificates are to be given.

13. The Bengal Government asks that a rule may be passed fixing six months as the time to be allowed for obtaining work for a vagrant under section 16. In many cases the period proposed would be too long, and involve unnecessary expense. But as this is the maximum time allowed* for a vagrant to find *himself* work, the Governor General in Council for this and other reasons has no objection to fix the same period as the maximum time under this section.

* Section 9.

14. As pointed out by several Local Governments, it is necessary to declare who shall be considered competent to act on behalf of the Secretary of State in taking agreements from vagrants. His Excellency in Council is also of opinion that no agreement should be finally concluded without the previous sanction of the Local Government. The first point has been provided for in the rules. As regards previous sanction being obtained in each case, it is requested that, if the view taken by His Excellency in Council be concurred in, the Local Governments and Administrations will issue the necessary orders to the Officers empowered to take agreements from vagrants.

15. As the law has left it to the Local Governments to appoint Officers to superintend the embarkation of emigrants, there is no necessity for the Government of India to make any provision in this respect in the rules under consideration. But to facilitate the working of the Act, the local authorities in the interior and in Provinces having no port within their limits should be kept regularly informed of the arrangements that may be made at the ports of embarkation for the reception and despatch of vagrants. This is a matter which the Local Governments will be best able to arrange in communication with each other and with their subordinate Officers: no rule could be framed which would suit the requirements of every Province. A rule has, therefore been laid down, which is of a very general character.

16. His Excellency in Council considers it necessary to prescribe some rule as to what vagrants it will ordinarily be improper to deport. The Government of Bengal proposed that persons of European extraction born in this country,

who have never been out of it, and who have no relatives living beyond it, need not be deported. The Madras Government suggests that no agreement should be entered into with any person of European extraction born in India, unless he can satisfy the Government that, from exceptional circumstances, he is likely to be able to gain a livelihood in any place beyond the limits of India. The rule prescribed combines these suggestions.

17. The Bengal Government suggests that in Calcutta, the Commissioner of Police, and, in the interior, District or Assistant Superintendents of Police, may be authorized to institute and conduct prosecutions under the Act. But the appointment of Officers for conducting such prosecutions is by law left to the Local Governments; and all that the Government of India desires to provide for is that the power should be confined to the higher grades of the Police.

18. It is also proposed by the Government of Bengal that masters of steam or sailing vessels belonging to companies or registered owners may be exempted from the operation of the first part of section 25 in respect of first class passengers. This will be done by a separate notification.

19. The Chief Commissioner of British Burmah suggests that it should be made incumbent on masters of ships to report the desertion or discharge of their men while in the port. However desirable some such rule may be, it can hardly be framed under the provisions of the Vagrancy Act; but the subject is one which may well receive the attention of the local authorities, wherever attention has not already been directed to it.

20. The Hon'ble C. D. Forbes has suggested the advisability of communicating with the authorities in America in view of ascertaining the extent to which the Railway Companies in that country may be able to find suitable employment for vagrants deported from India. Mr. Forbes's paper has already been communicated to the Local Governments, and the necessary action has no doubt been taken by them. But as the matter may be of much importance to the successful working of the Act, the Secretary of State will be requested to obtain and furnish the Government of India with all available information on the subject.

21. With reference to the correspondence submitted by the Government of Bengal regarding men who, coming out from Australia with horses, are thrown out of employment in Calcutta, it is observed that the Lieutenant-Governor has consulted the Advocate General as to whether these men could be treated as seamen under Articles, so as to give the Shipping Master a discretion in refusing their discharge, and whether the consignees of horses could not be made responsible under the Vagrancy Act for charges incurred by the State in sending the men back to Australia. The Advocate General is of opinion that neither the Merchant Shipping Act nor the Vagrancy Act can be applied in the manner proposed, and in this opinion the Governor General in Council concurs. The matter will be considered in the Legislative Department, with the view of providing some means of dealing with this class of men. But before referring the question to that Department, the Governments of Madras and Bombay, and the Chief Commissioner of British Burmah, should be called upon to report whether similar difficulties are experienced in those Provinces, and, if so, how they would propose to meet them. The Government of Bengal should also be asked to state what remedial measures it would recommend for adoption under the circumstances.

22. The rules now framed do not, of course, provide for every minute detail of procedure under the Act. The Local Governments will from time to time supplement them by such subsidiary regulations as circumstances may seem to call for, consistent with the provisions of the Act and the principles of these rules.

23. In making the requisite arrangements with their Police Departments for the custody of vagrants, the Local Governments and Administrations should impress upon the Officers concerned the necessity of taking such reasonable care of the vagrants as their physical condition, often weak and sickly, the season of the year, and other circumstances may render advisable.

24. The operation of the Act should be carefully watched in the several Presidencies and Provinces; and the Government of India should be furnished with periodical reports of the proceedings taken under it in the first instance. Quarterly Statements, for which forms may be prescribed hereafter, should be submitted containing information on at least the following points :—

Number of arrests.

Under section 4 ... ... { Seaport towns. Line of rail. Interior.
" " 23 ... ... { Seaport towns. Line of rail. Interior.

How many ... ... { Europeans. Americans. Australians.

Previous employments ... ...
How disposed of ... ...

Number absolutely discharged.
" discharged with certificate.
" sent direct to employment.
" sent to work-house.
" sent from work-house to employment.
" deported.

A succinct account of each case of deportation should also be given.

Ordered that the following Rules be published in the *Gazette of India* :—

Rules under the European Vagrancy Act.

In the exercise of the power vested in him by section 34 of Act XXI. of 1869 (an Act to provide against European Vagrancy), His Excellency the Governor General in Council is pleased to make the following Rules for the guidance of Officers in the administration of the Act :—

I.—The expression "person of European extraction" includes, for the purposes of the Act and these Rules, (1) persons born in Europe, America, the West Indies, Australia, and New Zealand; and (2) the legitimate son of a father and grandson of a grandfather so born.

II.—For the arrest and custody of vagrants, European or Eurasian Police Officers shall, whenever it may be practicable, be employed in preference to Native Police Officers.

III.—Whenever any person, apparently a vagrant, refuses or fails to comply with any requisition made by a Police Officer under section 4 of the Act,

whenever any person of European extraction commits an offence under section 23 of the Act in view of a Police Officer,

and whenever any Police Officer has reason to think that such offence has been, or is being, committed,

the person so refusing, failing or offending, may be forthwith arrested, without warrant by the Police Officer, for the purpose of being produced in the usual manner before the Officer empowered to deal with the case.

IV.—The "subsistence allowance" of the vagrant shall not ordinarily be made over to him, but shall be kept and disbursed on his

account by the Police or other Officer in whose custody he is for the time being.

V.—No certificate shall be given under section 9, unless there be good ground for believing that the person applying for it is *bonâ fide* in search of employment, has a fair chance of obtaining it, and is of quiet and orderly behaviour.

VI.—The certificates shall be printed on parchment or paper of very durable character, and shall be in English, with translations in the two principal Vernacular languages of the territories under the Local Government.

VII.—The time allowed under section 16 for search after employment, shall not ordinarily exceed two months, and shall not in any case exceed six months.

VIII.—In the Presidency Towns, the Commissioner of Police, and elsewhere, Magistrates with full powers, being also Justices of the Peace, shall be competent to act on behalf of the Secretary of State in Council in making agreements under section 17.

IX.—All such agreements shall be executed in duplicate, and the Officer executing on behalf of the Secretary of State in Council shall retain one of the copies.

X.—When an agreement has been entered into by a vagrant under section 17, he shall be forwarded, along with the original agreement, in the charge of a Police Officer to the Officer at the port of embarkation, who is empowered by the Local Government to receive vagrants; and thereafter, and until his embarkation, he shall remain in the custody of that Officer, or of such other Officer as the Local Government empowers in this behalf.

He shall during such time be entitled to subsistence-allowance at eight annas per diem, to be disbursed as directed in Rule IV.

XI.—Local Governments within whose jurisdiction ports are situated shall make all necessary arrangements for the reception and custody of vagrants sent for deportation by other Local Governments or authorities in the interior. They will from time to time, as may be necessary, give notice of such arrangements to the forwarding authorities.

XII.—Road expenses shall be provided by the forwarding authority. All further expenses incurred in proceedings under Chapter IV. of the Act, shall be defrayed by the Local Government of the port of embarkation on account of the Secretary of State in Council.

XIII.—No agreement for deportation shall be entered into with any person of European extraction born in this country, and who has never been out of it, unless he satisfies the Local Government that he is likely to gain a livelihood in some place out of India.

XIV.—The Officers empowered to direct the deportation of vagrants will see that no unnecessary time is lost for providing passage for those who have entered into agreements to be deported. As a rule, Europeans should be sent to Europe, Americans to America, West Indians to the West Indies, Australians to Australia, and New Zealanders to New Zealand. But the local authorities will exercise their discretion in sending vagrants to other countries than their own, when it appears that such a course will be for their advantage, and that they will be favourably received on arriving at their destination.

XV.—Descriptive rolls and, as far as possible, photographs of all persons deported shall be kept by the Local Governments or Administrations within whose territory the ports are situated.

ORDER.—Ordered also, that a copy of the above Resolution and Rules with the letter from the Government of Bengal, dated the 23rd April last, and the Notifications referred to in paragraphs 2 and 18 of the Resolution, be forwarded to the Government of Madras for information and guidance.

Ordered also, that a copy of the above Resolution and Rules with the letter from the Government of Bengal, dated the 23rd April last, and the Notification referred to in paragraph 18 of the Resolution be forwarded to the Government of Bombay and the Chief Commissioner of British Burma for information and guidance.

Ordered also, that a copy of the above Resolution and Rules with the Notifications referred to in paragraphs 2 and 18, be forwarded to the Government of Bengal for information and guidance.

Ordered also, that a copy of the above Resolution and Rules be forwarded to the Governments of the North-Western Provinces and the Punjab, and the Chief Commissioners of Oudh, the Central Provinces, and Coorg, and the Resident at Hyderabad for information and guidance.

Ordered also, that a copy of the above Resolution and Rules be forwarded to the Foreign Department for information and for communication to the Political Officers under its control.

Examinations.

Simla, the 23 April 1883.

SIR,

IN the Bengal Army Regulations, Section XXIV, paragraph 30 (*c*), it is laid down that all applications from candidates for examination should be forwarded in sufficient time to reach the Secretary to the Board of Examiners on or before the 25th, or if the examination be for a certificate of high proficiency or for a degree of honour, on or before the 20th day of the month preceding that on which the examination is held. In the Home Department Circular No. 298—303, dated the 18th January 1870, attention was invited to Rule VIII of the Rules for the encouragement of the study of Oriental languages among the junior members of the Civil Service, and it was requested that copies of orders permitting junior civilians to attend the quarterly examinations should be communicated to the Secretary to the Board of Examiners. This instruction was embodied in Rule VIII of the Rules for the examination of Junior Civilians, published under Home Department Notification* No. 1, dated the 2nd January 1880.

* Circulated with Home Department Circular Nos. 1—3 to 10, dated the 15th January 1880.

2. It has been brought to the notice of the Government of India that the orders cited are not observed in all cases, and that inconvenience is occasionally experienced by the Board of Examiners owing to insufficient notice being given of the number of candidates for examination by the different standards. I am accordingly directed to call attention to the rule above referred to, and to request that

instructions may be issued to ensure that intimation of the number of candidates† belonging to the Civil Service who have permission to attend at each examination is in future invariably sent to the Secretary to the Board of

† Including officers of the Educational, Public Works and other Civil Departments.

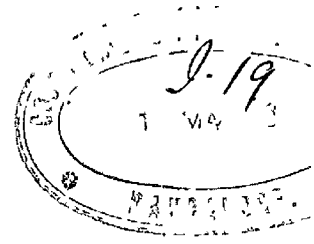
Examiners not later than the dates mentioned in the corresponding order embodied in the Bengal Army Regulations.

I have the honour to be,

Sir,

Your most obedient Servant

Secretary to the Government of India.



From

The Superintendent

of Coorg

To The Secretary to the

Chief Commissioner of Coorg

Bangalore

Sir

I have the honor to report that three years ago a license was granted by Colonel Thomson to the Mercara Trading Company to sell British spirits at Immalle in the Yedenalkhad Talick, and another was given to Mr Brown at Nanick cast for Gonikopal, and a third to [illegible] Valiyedenvelle for Pomapet in the Huggatnad Talick

2. These shops are well managed, and it is a convenience to the European Planters who have settled in the vicinity, to be able to obtain supplies close at hand, instead of having to send for them to Mercara and Veragund. after which they are at a distance.

3 But the Abkari Contrac
tor complains that the permission given
to sell British spirits has had the effect
of diminishing the sale of arrack. This
is the fact, as many of the natives prefer
to drink stronger and better liquor when
it is to be had near, though they have to
pay a little more for it. I consider, that
in order to give no ground for complaint
to the contractor, it would have been
advisable to have waited till the expira
tion of his contract before issuing such
licenses.

4 There are others who
have applied to me or have intimated
their intention to apply to me for licenses
at these places, and Kolavandra Ayapa
a Coorg gentleman, who intends embarking
largely in trade, wishes to open a shop
for the sale of British spirits also at
Siddapur. There are besides other markets
such as Sonwarpet, where the sale of
English

English spirits would be likely to prove to be pernicious.

5 As a little healthy competition is always good, there could conceive be no objection to the grant of additional licenses at Ammatti and Gomekopal, but under the circumstances represented, I hesitate to issue any for the sale of British spirits at weekly markets, where there have hitherto been no shops.

I request to be favoured with an expression of the Chief Commissioners views and with his orders on the subject

I have the honor to be

The Chief Commissioner of Coorg.—

cial Deptt Sir,

With reference to your order No. 103 General 10 dated 3d June 1876, declining to sanction an increase to the pay of the Manager attached to the office of the Superintendent of Coorg, I am desired to draw your attention to para 7 of the Superintendents' letter to your address No. 40-25 dated 28th April 1876 from which it will be seen that that officer is willing to redistribute the duties of the Excise Manager of his office with a view to secure a saving of 50 Rupees a month, and to enquire whether that saving cannot be effected.—

I have the honor to be
Sir,
Your most obedient Servant.

Memo

Letter No: 74 of 12th Septr/76 from the Superintendent of Coorg.

In reply of his letter No: 40/25 of 28th April/76 the Superintendent suggests that the pay of the Abkari Manager which is Rs: 50, might be transferred from "Abkari Establishment" to "Political Establishment", in order to make up the amount required to raise the salary of the Manager Mr. D'Vaz of his office from Rs: 140 to 200 p. month.

2. The proposal to the increase to the salary of the Manager was not sanctioned - vide Chief Comr. Proceedings No: 103/10 of 3d. June/76 herewith submitted.

3. In the reference to the above Proceedings the Govt. of India in their Assistant Secretary's letter No: 2355 of 22d. August 1876 enquire

whether the saving of Rs.500 a month cannot be effected by redistributing the duties of the Excise Manager as proposed by the Superintendent in the letter referred to in para 1 above.

4. The Superintendent was requested to describe at length the duties & responsibilities of the Abkary Manager & to state what division of those duties &c: could be made, if as proposed, they were transferred to the Nail Sheristadar of his office & Inventory of the Abkary Department. He now forwards a memo detailing the duties &c: of the Excise Manager, & submits that the Nail Sheristadar of his Office will be held answerable for the due supervision of the Abkari work —

5. The Superintendent's confidential letter No: 49 of 7th September 1876 suggesting

that the post of Excise
Inspector might be abolished
& the duties connected with
that office distributed between
his Naib Sheristadar &
Abkari Inspector is
also submitted herewith.

6 As it is in
contemplation to
introduce the Excise
system into Coorg
it is advisable,
I think, to maintain
the post of Abkary
Inspector, who
will perform the
duties similar
to those devolving
on Distillery Super-
vision in Mangalore
Division. I submit
herewith a return shewing
that the Naib
Sheristadar attended

& the Inspts' Office should have any thing to do with the supervision of the Dispensary and the Canal Shops. Nor is it likely that he will be able to devote so much time to the work as will enable him to exercise proper control & supervision over the shops and accounts of the Dispensary and Retail Vendors — It would be evidence of the interests of Govt that there should be an Officer exclusively employed for the work

The Auditor's office is frequently in communication with

I quite concur in the views which he expresses in his letter of the 21st

Chief Engr

Rangoon 24.9.70

C. C. C. office

Bangalore 24th Septr. 1876.

To

Secretary to Govt. of I
Financial Departt.

Sir,

With reference to
your letter No. 2355 dy
22d. ultimo, I am dire
ted by the C. C. to
state that since the
recommendation made
by the offg Supt. of
Coorg in para 4 of
his letter to this office,
No. 40/25 of 28th April
1876, referred by you

~~Since the proposal~~
~~which was made by~~
~~the Supt. of Coorg in~~
~~his letter dy 28th April~~
~~last, to abolish the~~
~~post of Assistant Manager~~
~~at Mercara~~ ~~has~~
~~been withdrawn by~~
~~the Commissioner~~
~~on account of the pay~~
~~of the Asst Manager~~ ~~has~~

that an increase to the pay of the Manager of his Office may be given; it has been decided to introduce the Excise system into Coorg, as will be seen from the accompanying copy of C. C.'s Proc. No. 84 - Rev. 7 dy 29th May 1876; when, the services of the present Abkarri Manager will be required in the way of supervising Distilleries and arrackshops to be established

Judicial Duties of Sub Collector in Mr Sandwith's Report upon Abkari Management not to clash with those of a Deputy Collector in Revenue Duty -

established throughout the District.

2. The Chief Comr. considers it objectionable to permit the Naib Sheristadar of the Coorg Supts office to attend to the duties of an Abkarri Manager also, as the time required for the due performance of his own legitimate duties will not permit him to exercise proper control and

and supervision over the Shops & accounts of Distillers and retail vendors, so that it is absolutely necessary that an officer exclusively set apart for the performance of this work should be secured, and the present Abkarri Manager, appears, from long experience, well adapted for the post. It will therefore be the C. C.

~~Recommd~~

~~Abstract~~
~~Extract~~ conducive to the
interests of Govt. to
retain the post of
Abkarri Manager,
until the Excise
System is introduced
into the Province as
contemplated.

I have &c.

Offg. Secty.

No 97
57

Coorg Superintendents office
Dated Mercara May 1851

From

The Superintendent of
Coorg

To

The Secretary to the
Chief Commissioner of Coorg

Sir

I have the honor to report for the information of the Chief Commissioner that a considerable falling off has taken place in the consumption of Arrack the quantity passed out of the Distillery during the last six months at Tranquebar Comp 131 Tgallons as against in the
unaccounted Corresponding six months of last year

The Contractor Chick Mallaya on drawing my attention to the fact has ascribed the loss to be due to the increased sale of the inferior description of European sherry and to the illicit distillation and sale of rice arrack

Licenses are granted [illegible]
ten months ago for the opening of two new English
shops at the outlying markets of Goneikpal and
Panampet in the Cossye District of South Canara
chiefly for the convenience of European Planters
in the neighbourhood but the chief consumers of
English spirits offered for sale not only there, but
in the shops of Mercara Veerajendrapet and
Ammathy are well known to be Europe
An inferior sort of spirit purport
ing to be Brandy is imported by Messrs Mahomed Hoosein & Co.
Hoo. of Bangalore and is offered for sale at the
low price of Rupees 15 " " per dozen or only
6 annas per reputed bottle than date jaggery
arrack & have forwarded two samples of this
spirit to the Chemical Examiner of Mysore with
a request that he will report if it is fit for human
drink. It may be mentioned that the licensee
of an English shop scarcely admits of being
moved as it is Rs 1200 " " per annum or Rs
570 " " more than one Mysore
An increased distillation
Toddy arrack appears to have ensued on the

the recent fall in the price of rice. It is much preferred to date arrack and is particularly in demand by Coorgs on festival occasions. As in most hill countries it is difficult wholly to check illicit distillation, the more so as the sympathy of the people are on the side of the distillers.

6. Lately on information supplied by a Mahomedan woman who was an arrack seller, a case of illicit distillation was successfully traced at Mannad in the Ernad Taluk. Through the exertions of my Head Shirastadar the Abkari Manager and the Parpattiganar the Nilambur Police the two offenders were finally brought to book on the Court of the 1st Class Magistrate's Nagara Nagareth and the liquor seized consisting of 12 gallons was confiscated and sold. The whole of the money realized was paid to the informer and to the Police Parpattiganar who are also entitled to the 10% offered as a reward by the Abkari Contractor.

7. On the introduction of Income Tax it will be practicable to make a more complete

& offenders by sentencing them to be one of em
person ment to which they are not amenable
under the present Act In the meanwhile Magistrate
have been instructed to take severe notice of such
cases and Parputthgar and Patels have been warned
that their conduct will not be overlooked & informa
tions withheld by them

8. The Hokan Havaldar who
now draws Rs50— per mensem having returned,
I propose that for the better subdivision of
district dealing to appeal to the Inspectors, so
that there may be one for North and the other
for South Coorg This may be arranged with
out extra cost to Government by appointing
the Hokan Mirvadi as Inspector on his present
pay of Rs40— and by giving a salary of
Rs35 to the second Inspector, the balance being
available for the appointment of a Mirvadi
on Rs15 " I propose to appoint the Police
Parputthgar Muhammed Kassim who assisted
in the recent seizure of spirits as second
Inspector in order to encourage him.

between him and the Coorg Inspector.

Should this proposal meet with the Chief Commissioners approval the requisite proposition statement will be submitted

I have the honor to be

Sir,

your most obedient servant

Coorg Superintendent's Office,

No. 38

Dated 4th June 1884

From,

The Superintendent,

of Coorg.

To,

The Secretary to the

Chief Commissioner,

of Coorg.

Bangalore

Sir,

Adverting to Chief Commissioner's Proceedings dated 22d June 1881 No 459 regarding the revision of the Abkari Establishment I have the honor to report for his information that the arrangements made were carried out effect and have proved most efficacious in the detection of illicit distilling. The two Inspectors have already discovered between fifteen cases and fines aggregating Rs 2,770/- have been inflicted by the Magistracy on the offenders.

I have the honor to be

Sir

Your most obedient servant

Superintendent

Subject.

Submits report regar
the revision of the Abk
Establishment.

Submitted.
1884 To C. C.

This needs very care
I have heard a very diff
the Govt. bid us keep
a check of the Amin
contractors that they a
in despair & are on th
cant & petitioning &
...mit if their contra
bal. illicit distillery is

...ranges on the prices misquoted
are undergoing when the
fee cases brought to justice
are considered (that there
has been 15 convictions
& the price average #183 in
each case) the consumption
cannot in fact be
given reason respecting a
reduction & K. above
mentioned for it is alleged
that Sperency's new barn
Hills has done harm to
the brandy shop keepers
are all invited to attend in
Cos court there a little.

The Supdt may be asked
how far all this is true
& if so what remedy

Yes.

I do not think we can take
notice of complaints unless they
are made in some formal
representation. when that
complaint can only make
enter what Supdt or Asst
Comp. has.
